

# Bowling Pins

## Course of Fire

### Object:

Knock down 5 bowling pins as quickly as possible.

### Procedure:

A shooter will shoot 10 races.

Each race is 6 racks.

Each rack has 5 bowling pins.

There is no limit on magazine / cylinder capacity.

For each rack:

When instructed, the shooter will load their firearm.

The shooter will grip the gun with the muzzle end of the barrel touching the table.

The scorekeeper will then give a command for the shooter to get ready.

A whistle will sound letting the shooter know to start shooting the bowling pins.

The timer starts with the whistle and ends when the **last pin hits the floor**.

### Scoring:

The score for a rack is elapsed time with a 15 second limit.

The score for a race is the average of the best five racks.

The league score for a shooter is the average of the race scores.
